ACF Industries, Inc.—To Build Reactor to Test Aircraft Parts-

This corporation will design and fabricate a unique 10,000-kilowatt light-water-cooled-and moderated nuclear reactor to be used to test irradiation effects on aircraft parts and components under simulated high-altitude conditions at Wright-Patterson Air Force Base. Ohlo, Rudolph Furrer, President of ACF's Nuclear Energy Products Division, amounced on Nov. 17.

This facility, the fifth research reactor sale in less than a year by the new ACF division, will be completed under a subcontract ACF has signed with Maxon Construction Co., Inc., Dayton. Maxon holds a prime contract with the Army Engineers.—V. 184, p. 2413.

#### American Agite Corp.—New Developments—

A new concept in corrosion-resistent coating, a mobile dual-purpose unit that provides both spray and dip or fluidized coating, has been introduced by this corporation.

The mobile unit, known as the Mark III, consists of a metal reservoir hopper, 15 inches in diameter, 24 inches deep in the powder bed, with an over-all height of 33½ inches, and with a maximum width dimension of 20 inches.—V. 184, p. 1226.

#### American Broadcasting-Paramount Theatres, Inc.—To Use Warner Bros. Studios for TV Programs-

Leonard Goldenson, President of this corporation, and Jack L. Warner, President of Warner Eros. Pictures, Inc., on Nov. 23 announced that arrangements had been completed whereby the full facilities of Warner Bros. Studios will be made available to producers of film programs for the ABC Television Network.

New cutting rooms, offices and projection rooms will be constructed to accommodate the producers of these television programs.

Mr. Coldenson further stated that the ABC-TV live programs will continue to emanate from the ABC Television Center in Hollywood, Calif., which will remain the site of the company's West Coast main offices.

offices.

The newly consummated deal is expected to bring many of ABC-TV's independently produced programs to the Warner studios for filming, according to Mr. Goidenson and Mr. Warner.

Mr. Warner also announced that in line with the stepped up television activities on the Warner lot, Warner's have completed arrangements to produce an additional weekly one-hour show, plus two half-hour shows for ABC-TV presentation.

The hour-long show is planned as a new type Western, while the half-hour shows will be a mystery story and an adventure drama. The new Warner shows will be produced under the supervision of Robert F. Lewine, ABC-TV Vice-President in Charge of Programs and Talent, and William T. Orr, Executive Producer of the highly popular "Cheyenne" and "Conflict" dramas for ABC-TV.—V. 184, p. 1677.

#### American Can Co.—Commences Plant to Process Its Own Tinplate-

A new era in America's vital can-making industry opened at Hammond, Ind., on Nov. 15 with concrete-pouring ceremonies for the American Can Company's large new plant for processing tinplate and

steelplate.

The project si part of a \$27,000,000 Canco program of installing facilities for processing tinplate and steelplate from colls weighing up to 15,000 pounds at a number of locations throughout the country. The program to a large extent will eliminate the company's use of precut sheets traditionally used in the can-making industry.

According to William C. Stolk, President, the new Hammond plant will be the first in the history of can-making devoted exclusively to processing tinplate and steelplate from coils for metal cans. The company has three other plate-processing facilities under construction—at Oakland, Calif., Tampa, Fla. and Hillside, N. J. All will be completed during 1957, Mr. Stolk said.

He added that four additional plate-processing facilities will be constructed at other locations next year.—V. 184, p. 2009.

#### To Expand Philip Sporn Plant-

The Philip Sporn plant, in the heart of the rapidly-expanding Ohio River Valley, has been selected as the site for the second of two 450,000-kilowatt electric power generating units—largest in the world, it was announced on Nov. 20.

The Sporn plant at Graham Station, W. Va., at present has a generating capacity of 600,000 kilowatts. It is jointly owned and operated by Appalachian Electric Power Co. and Ohio Power Co., AGE operating subsidiaries.

Like its AGE System sister unit, which is being built by Indiana & Michigan Electric Co. on the Wabash River in Sullivan County, Ind., the new Sporn unit will be 73% larger than any power-producing unit operating today.

Mr. Sporn stated that construction would be undertaken early in 1957 and that completion is scheduled for late 1959. Cost of the project has been estimated at \$58.000,000.—V. 184, p. 1910.

American Louisiana Pipe Line Co .- Hearings Begin-The Federal Power Commission on Nov. 8 scheduled consolidated hearings to commence Nov. 14 in Washington, D. C., on applications

relating to a proposal by this company to expand its pipeline system in the Midwest, and on a request by Panhandle Eastern Pipe Line Co., to abandon the sale of natural gas to a utility company in

Michigan.

American Louisiana is seeking authority for the construction and operation of 35.8 miles of pipe line, 46,000 additional horsepower in compressor capacity, and metering and regulating stations. The facilities, estimated to cost \$16,078,000, are designed to increase American Louisiana's daily delivery capacity from 300,000,000 cubic feet to 400,000,000. The proceedings also involve five applications by Gulf Refining Company, of Houston, Texas, to sell natural gas to American Louisiana.

Panhandle is seeking authority to abandon the sale of approximately 127,000,000 cubic feet of natural gas per day to Michigan Consolidated Gas Co., American Louisiana is proposing to deliver a portion of its increased sales capacity to Michigan Consolidated.—V. 184, p. 817.

BUSINESS—The corporation was organized in Delaware on June 28, 1954, for the principal purpose of operating a harness horse racing 1 ack with pari-mutuel betting privileges in the State of Kentucky. The corporation's principal business office is located at its race track site, R. R. No. 1, Old Evansville-Henderson Road, Henderson, Ky. It has operated one harness horse racing meet at its racing site, which meeting was conducted during the period from July 4 through July 30, 1955, both dates inclusive, but Sundays excepted. Said meeting was financially unsuccessful and resulted in substantial losses to the corporation. It is required that applications for licenses to conduct meetings and for racing dates be filed annually. An application was filed by the corporation with the Kentucky Trotting Commission for a license to conduct harness racing meets in the year 1956. But subsequently management concluded that the corporation's funds were insufficient to permit it to conduct any harness race meetings in the year 1956. Hence, no harness horse racing meet will be conducted by the corporation in 1956. Ly the corporation in 1956

#### Baltimore & Ohio RR .- Not Required to Redeem Income Bonds Before Paying Quarterly Dividends-

The announcement on Nov. 19 by this company that its common stock will be on a quarterly dividend basis in 1957 of 50 cents per share 1 stable on March 14, June 14, Sept. 16 and Dec. 16, should be of unusual significance to holders of its convertible 4½% income bonds, a company spokesman said. These bonds are currently exchangeable for new convertible 4½% debentures under an offer dated March 27.

The dividend action taken on Nov. 19 indicates conclusively, it was stated, that there is no necessity for the company to retire unexchanged honds as a condition precedent to quarterly payments on the common

The provisions of the adjustment plan of 1944, as contained in the convertible income bond indenture, do not now influence the company's financial affairs. Thus, the company has stated it has no present attention of acquiring or redeeming any of the unexchanged income

intention of acquiring or redeeming any of the unexchanged income bonds.

There has recently been several percentage points spread in the market price between these bonds and the convertible debentures offered in exchange. It appeared that the spread in favor of the income bonds was occasioned by the belief in many quarters that no quarterly dividends on the common shares could be paid until all of these convertible income bonds had been retired and the indenture canceled, and that, accordingly, the company might shortly purchase or redeem the remaining unexchanged convertible income bonds for this or other reasons.

By exchanging promptly the income bonds for the new debentures, the interest on which is fixed, holders will be in position to cash immediately the July 1, 1956 coupon in amount of \$22.50 per \$1,000 debenture and will also place themselves in position to collect a like amount on the coupon payable Jan, 1, 1957. The next payment on the convertible income bonds is not due until May 1, 1957.

Roundly \$30,000,000 principal amount or about 54% of the income bonds have been exchanged for the new debentures.

Appointment of Jervis Langdon, Jr., as General Counsel of the Baltimore & Ohio RR. was announced on Nov. 21 by Howard E. Simpson, President. Mr. Langdon will begin his new duties on Dec. 1. He has been, since 1953, Chairman of the Association of Southeastern Ratiroads, and has achieved national prominence as a spokesman for the railroad industry.—V. 184, p. 2010.

This corporation, it was announced on Nov. 19 has joined with its subsidiary. United Fuel Gas Co. in the filing of an application with the SEC with respect to the sale by United of 120,000 additional shares of its common stock to Columbia at \$25 per share; and the Commission has given interested persons until Dec. 3, 1956, to

request a hearing thereon.
United will use the proceeds of such stock sale, together with \$9,000,000 from the sale of Installment Promissory Notes by United to Columbia (heretofore authorized) and funds generated internally, to finance its 1956 construction program, estimated at \$14,152,200. ─V. 184, p. 2115.

#### Conde Nast Publications, Inc.—Omits Dividend—

I. S. V. Patcevitch, President and Chairman of the Board, states that in view of the present level of earnings, the cash requirements in connection with the purchase of new color printing presses, and the fact that dividends totaling 45 cents per share on the common stock have already been paid during the first nine months of this year, directors decided at its regular meeting held on Nov. 21, 1956 that no additional dividend distribution should be made for the balance of the current year. balance of the current year.

The last quarterly payment of 15 cents per share was made on Sept. 15, 1956. In 1955, four quarterly dividends at this rate were paid.—V. 183, p.·1472.

Consolidated Edison Co. of New York, Inc.—Plans Of-

fering of Convertible Debentures to Common Stkhldrs. This company is planning an issue of approximately \$55,000,000 of convertible debentures early in 1957, probably the latter part of February, Charles B. Delafield, Vice-President, announced on Nov. 20.

The debentures will be offered to common stockholders for subscrip-

tion. Offering price, conversion price and other terms will be determined in the light of market conditions at the time of the offering.

A special meeting of stockholders will be called for Feb. 5. Proxies for the special meeting will go out Dec. 28. While stockholders will be asked to approve \$125,000,000 convertible debentures, the company plans only to issue \$55,000,000 at present. A two-thirds vote of both classes of stock is necessary to authorize the new debentures.

The company has spent \$900,000,000 for construction since 1947 and expects to spend another \$650,000,000 in the next five years. Of the sum spent so far, \$435,000, has been raised by the sale of mortgage bonds with the exception of an issue of convertible debentures offered in 1948, most of which has now been converted into common stock.

#### Consolidated Foods Corp.—Terminates Rice Operation

This corporation announced on Nov. 16 the sale of the rice operation of Rosenberg Bros. & Co., Inc., its California subsidiary, to the Rice Growers Association of California, the State's largest cooperative rice processor, "in constructive keeping with the company's long-term program of integration in processing and distribution operations, both wholesale and retail," according to S. M. Kennedy, President.

The cash transaction, according to the company, involved about \$4,250,000. It includes all of the inventory and supplies of rice owned by the Rosenberg subsidiary, and its rice properties at Biggs, Cement City, and Colusa, Calif. All sales contracts and commitments with growers will be assumed by the Rice Growers Association of

Mr. Kennedy pointed out that Rosenberg's rice department has been a completely segregated operation, and that its sale will in no way affect Rosenberg Brothers' extensive operations in the dried fruit and nut business.

#### Woodford Elected President of Unit-

H. E. Woodford has been appointed President of Consolidated Food Processors, Inc., a subsidiary. Announcement of the appointment, which is effective Jan. 1, 1957, was made Nov. 19 by S. M. Kennedy, Consolidated Foods President.

For the past two years Mr. Woodford has been a marketing consultant. He is a director of the Marquette National Bank of Chicago and Gorton's of Gloucester, Mass. Upon assuming the Presidency of Consolidated Food Processors, he will be nominated for election to the board of directors of the parent corporation.

Mr. Woodford succeeds A. J. Bischman who is retiring after serving 47 years with Consolidated Foods and its predecessor companies.

Consolidated Food Processors is one of Consolidated's largest units with manufacturing and processing plants located in principal food growing areas. It was formed in 1951 to integrate the processing activities of several earlier acquisitions of Consolidated Foods Corp.

Products processed by Consolidated Food Processors and its Marshall Canning Division include canned fruits and vegetables, frozen fruits, coffee, diet foods, pickles, preserves, salad dressings and ready-to-serve canned foods. Its International Division, with headquarters in San Francisco, specializes in export trade.—V. 184, p. 2115.

#### Continental Casualty Co.—Exchange Offer Extended

The company has extended its exchange offer to holders of stock of the National Fire Insurance Co. from Nov. 15 to Nov. 30.

Roy Tuchbreiter, Chairman of Continental, said that the extension was made in response to requests from stockholders for in which to arrange for deposits of National Fire stock.

He said Continental had decided to waive its right to extend the offer beyond Nov. 30 Originally Dec. 31 was indicated as a final date for declaring the offer effective. Some National Fire stockholders objected to the possibility of having their stock on deposit throughout December. Continental officials added.-V. 184, p. 1793

#### Crestmark Cruisers, Inc., Babylon, L. I., N. Y.—Stock Offering Suspended-

The Securities and Exchange Commission, it was announced on Nov. 15. has issued orders temporarily suspending Regulation A exemptions from registration under the Securities Act of 1933 with respect to public offerings of securities by the following companies:

(1) Crestmark Cruisers. Inc.—Regulation A notification, filed April 5, 1956, proposed the public offering of 300,000 common shares at \$1 per share.

(2) Lithium Metal Reduction Corp., Washington, D. C.—Regulation A notification, filed Oct. 24, 1956, proposed the public offering of 300,000 common shares at \$1 per share.

Each of the orders provides an opportunity for hearing, upon re-uest, on the question whether the suspension order should be vacated or made permanent.

each of the orders provides an opportunity for hearing, upon request, on the question whether the suspension order should be vacated or made permanent.

In its suspension order with respect to Crestmark Cruisers, the Commission asserts that, if made or continued, the offering of that company's stock would "operate as a fraud and deceit upon purchasers," in that an involuntary petition in bankruptcy was filed by several creditors of the issuer on Aug. 8, 1956, in the U. S. District Court for the Eastern District of New York, Brooklyn, New York, and no amendment has been made to the offering circular to disclose the financial condition and the present non-operating status of the issuer. The Commissioner's order with respect to Lithium Metal asserts that Marshall I. Stewart, a promoter, Secretary and a director of the issuer, is the subject of a permanent injunction, issued July 10, 1956, by the United States District Court for the District of Columbia, which enjoined him from violations of the anti-fraud provisions of the Securities Act and the Securities Exchange Act of 1934 arising out of his conduct as an officer of Seaboard Securities Corp., a broker-dealer. Thus, by virtue of a provision of Regulation A, no exemption under that Regulation is available for Lithium Metal securities. This order further asserts that the terms and conditions of Regulation A have not been complied with, in that (a) the issuer falled to disclose the said injunction; (b) the issuer falled to disclose the amount of securities issued within the past year to officers, directors and promoters and the consideration received therefor; (c) the offering circular fails to disclose the percentage of outstanding securities to be held by insiders as a group and by the public, and the respective amounts of cash to be paid therefor by such group and by the public (d) the issuer failed to file copies of the provisions of governing instruments defining the rights of the holders of the securities to be offered, or the consents of geologists to the u

Cuyama Hills Oil Corp.—Stock Offering Suspended— The Securities and Exchange Commission, it was announced on Nov. 20, has issued orders temperarily suspending Regulation A exemptions from registration under the Securities Act of 1933 with respect to public offerings of securities by the following:

public offerings of securities by the following:

(1) Cuyama Hills Oil Corp., Reno and Nixon, Nevada—Regulation A notification, filed Nov. 13, 1953, proposed the public offering of 50.000 shares of capital stock at \$1 per share.

(2) Dal-Tex Uranium Corp., Dallas, Texas—Regulation A notification, filed March 24, 1955, proposed the public offering of 2.850,000 common shares at 10c per share.

(3) Forter Publications, Inc., New York, N. Y.—Regulation A notification, filed Oct. 29, 1954, proposed the public offering of 300,000 common shares at \$1 per share.

(4) Glory Hole, Inc., Chicago, Ill.—Regulation A notification, filed June 11, 1956, proposed the public offering of 80,000 shares of class A common at \$2.50 per share.

(5) Oregon Timber Products Co., Inc., Reno, Nev.—Regulation A otification, filed July 23, 1956, proposed the public offering of 300,000 common shares at \$1 per share

(6) Rexrug Mills, Inc., New York, N. Y.—Regulation A notification, filed Sept. 7, 1956, proposed the public offering of 300,000 common shares at 31 per share. Its principal business was to be conducted in Winona, Miss.

Regulation A provides an exemption from registration for public Regulation A provides an exemption from registration for public offerings of securities not exceeding \$300,000 in amount, subject to compliance with the terms and conditions of the Regulation. The commission's suspension orders in the foregoing cases allege a failure on the part of the respective companies to comply with various provisions of the Regulation (including false and misleading representations and/or failure to disclose certain material facts); and they provide an opportunity for hearing, upon request, on the question whether such orders should be vacated or made permanent.

In the case of Cuyama Hills, the Commission's order asserts that the ontinued offering of that company's stock "would operate as a fraud or deceit upon purchasers," in that a material change has occurred in the company's affairs which is not reflected in its advertising literature, namely, that the oil and gas lease which is its principal asset has been declared terminated and quiet title proceedings begun by the owner of the lands involved.

The order with respect to Dal-Tex Uranium asserts that that company's offering circular fails to disclose the status of the balance payable on an option to purchase all of the company's properties, \$11,000 of which balance was payable on or before June 25, 1955, and the remainder out of the proceeds of the stock offering; that the use of such offering circular without disclosure of the status of such option "would operate as a fraud and deceit upon prospective purchasers"; and that the company failed to file the required reports of its stock sales and the use of the proceeds thereof.

Foster Publications likewise failed to file the required reports showing its sale of stock and the proceeds thereof, according to the Commission's order. Furthermore, the order asserts that the continued offering of Foster Publications stock would "operate as a fraud and deceit upon purchasers" in view of the fact that on June 25, 1956, the company filed a voluntary petition in bankruptcy, admitting insolvency, in the

In the case of Glory Hole, the Commission's order asserts that an exemption under Regulation A is not available because the offering price of all securities sold by the issuer within one year, plus those the subject of this offering, exceeded the \$300,000 limitation; that the company's notification and offering circular are false and misleading in respect of certain material facts; and that use of offering circular in connection with the offering and sale of Glory Hole stock "would operate as a fraud and deceit upon the purchasers thereof." More particularly, it is alleged that the offering circular fails to disclose the interests of William Mark Muchow in Chain O'Mines, Inc., and Chain O'Mines, Ltd., listed as predecessors and affiliates of the issuer; tails to disclose the past activities of Muchow and his associates in the promotions of said two companies and of Chain O'Mines Operators, Inc., and the results of attempts to operate the properties held by those concerns, which are now represented to the under contract to purchase by the issuer; fails to disclose, in the biographical sketch describing the past activities of promoter muchow, the background and record of muchow in connection with the sale of securities of U. S. Chromium, Inc., Chain O'Mines Operators, Inc., and Chain O'Mines, Ltd.; fails to furnish a description of physical, geological and economic characteristics of the mining properties proposed to be acquired by the issuer; and fails to describe adequately certain litigation in which the company is involved and the possible effect thereof on stockholders of the issuer. Furthermore, the order challenges the statement in the offering circular that Muchow holds 264 of the 9,770 outstanding shares of Chain O'Mines Operators, Inc., as well as references throughout the offering circular to Mr. Muchow as "Dr. William M. Muchow" and "Dr. Muchow" and the statement that he is "a dentist," in view of the failure to disclose the revocation of his license to practice dentistry in Illinois.

The Commission' In the case of Glory Hole, the Commission's order asserts that an

The Commission's order with respect to Oregon Timber asserts (1) that Regulation A was not complied with by reason of the issuer's failure to file written sales literature used in connection with the offering of its stock, the use of written sales literature without furnishing a copy of the offering circular, and the offering of securities in states not designated in the Notification; (2) that the company's offering circular contains false and misleading statements of material facts; (3) that the offering of stock operated as a fraud and decit upon offerees and purchasers of the securities," and (4) that the issuer and its recision, Hubert Joseph O'Rourke, were enolined on Oct. 22, 1956, by the U.S. District Court for Nevada from offering and selling issuer's stock in violation of the registration requirement of the Securities Act. The charges of false and misleading representations relate, among other things, to the railure to disclose in the offering circular the nature and extent of the business of the issuer, the assets acquired from its promoter, Mr. O'Rourke, the liabilities assumed in connection with such acquisition, and the financial results of the operations of the business acquired. The order also challenges a representation that the issuer has no predecessors, in view of its acquisition of a lumber business from Mr. O'Rourke and the assumption of the liabilities of that tusiness (known as Oregon Timber Co.) for 460,601 snares of stock issued to Mr. O'Rourke.

In its order with respect to Rexrug Mills, the Commission asserts that John C. Poster.

In its order with respect to Rexrug Mills, the Commission asserts that John C. Foster, a promoter presently connected with the issuer, was convicted in the Criminal Court of Record, Dade County, Fla., was convicted in the Criminal Court of Record, Dade County, Fig., on Sept. 12, 1949, for failure to register as a securities dealer and illegal sale of securities in violation of the Florida securities laws. It is further alleged that Regulation A has not been compiled with in that (1) the offering circular fails to disclose that Mr. Foster was a promoter of the issuer and his conviction; (2) the offering price of all securities of the issuer offered and soid within one year, including those the subject of this offering, exceeded the \$300,000 limitation; and (3) the offering circular omits material facts with respect to the background and experience of Robert S. Smith, Mesident, Treasurer and a director of the company.—V. 178, p. 2091.

#### Electric Energy, Inc.—Case Reopened—

J. Sinclair Armstrong, Chairman of the Securities and Exchange Commission, announced on Nov. 20 the issuance of notices and or era for hearings relating to Electric Energy Inc. and Ohio Valley Electric Corp. These companies are generating projects created under the sponsorship of various companies to supply power to Atomic Energy Commission installations at Paducah, Ky., and Portsmouth, Ohio. Several of the sponsoring companies are holding companies or subsidiaries of holding companies or subsidiaries of holding companies.

Several of the sponsoring companies are holding companies or substidiaries of holding companies registered under the Public Utility Holding Company Act of 1935.

Electric Energy Inc. was formed in 1951 by five sponsoring companies, namely, Union Electric Co. of Missouri (now Union Electric Co.), Central Illinois Public Service Co., Illinois Power Co., Kentucky Utilities Co., and Middle South Utilities, Inc., to serve power to the Atomic Energy Commission installation then being constructed at Paducah, Ky. The common stock of Electric Energy Inc. was acquired by the five sponsoring companies in various proportions, and the acquisition as to some of the sponsors required approval under Sections 9 and 10 of the Holding Company Act. In permitting the acquisition the Commission did not determine whether there was compliance with the standards of Section 10, stating that "the exigencies of national defense preclude the delay inherent in making a record" to determine whether or not the applicable standards of Section 10 were satisfied. Jurisdiction was expressly reserved to reexamine the situation "at a Jurisdiction was expressly reserved to reexamine the situation "at a more appropriate time" to determine whether the acquisition complied with the applicable standards. Generally speaking, Section 10 of the Act provides that the Commission shall approve an acquisition of securities of a public-utility company unless it finds that the acquisition securities of a public-utility company unless it finds that the acquisition will tend towards interlocking relations or the concentration of control of public-utility companies of a kind or to an extent detrimental to the public interest or the interest of investors or consumers, or the acquisition will unduly complicate the capital structure of the holding-company system of the applicant or will be detrimental to the public interest or the interest of investors or consumers or the proper functioning of such holding-company system. Further, the Commission cannot approve the acquisition of such securities unless it finds that the acquisition will serve the public interest by tending toward the economical and efficient development of an integrated public-utility system.

system.

Ohio Valley Electric Corp. and its subsidiary, Indiana-Kentucky Electric Corp., were created in 1952 by ten sponsoring companies to supply power for the Atomic Energy Commission installation at Portsmouth, Ohio. The acquisition of stock of Ohio Valley by six of the sponsoring companies similarly required approval of the Commission under the Holding Company Act. In authorizing the acquisition the Commission again did not determine whether there was compliance with the standards of Section 10 and again reserved jurisdiction to reexamine the matter at a more appropriate time. Rapid construction reexamine the matter at a more appropriate time. Rapid construction of the generating facilities, in the light of the national defense emergency, was held to warrant postponing the completion of the administrative process involved in making the determinations required by Section 10 of the Act.

by Section 10 of the Act.

Chairman Armstrong explained that it has been understood from the beginning that these unresolved issues would be examined and decided when there was no longer any excuse for postponement or delay. The Commission's opinion in the Electric Energy case stated that the companies themselves had suggested "that final determination of which companies should retain their interests in Electric Energy Inc. should be made after the impact of the defense program on their respective interests is known and after the present emergency has passed." This same language was quoted in the Commission's opinion on the Ohio Valley Electric Corp. application.

The envergency that was cited by the Commission as justification for permitting these acquisitions without determining whether there was compliance with Section 10 has passed in the sense that the generating plants involved are all completely constructed and in operation supplying energy to the Atomic Energy Commission's establishments. The Commission believes therefore that there is no longer any reason why the unresolved issues relating to these acquisitions should not be fully examined and put to rest.

examined and put to rest.

Chairman Armstrong emphasized that the issues to be examined upon the reopening of these cases relate principally to the retention of the equity stock of the generating companies and not to the operational and other financing arrangements of the project. There is nothing in the proceedings which the Commission is now instituting which will cause any interruption of the supply of power to these vital operations of the Atomic Energy Commission.

The hearings are scheduled to commence on Feb. 4, 1957.—V. 179,

#### Glidden Co., Cleveland, O .- Sales by Divisions-

For the first time in its 39-year history, this company has released sales totals for each of its five major divisions.

The new policy was inaugurated to provide stockholders with a detailed picture of Glidden's diversified operations, according to Dwight P. Joyce, Chairman and President. In the past, the company's annual report has given year-end sales results as a combined total.

The company's net sales for the 12 months ended Aug. 31, 1956, amounted to \$226,290,387 and net profits were \$8,146,737, equal to \$3.55 per share on the 2,295,990 shares outstanding at the year-end. Sales of Glidden's paint division reached a total of \$74,977,744, exceeding those of any previous year in the firm's history, he reported. Approximately 60% of this total was in consumer items, largely a result of Glidden's constantly expanding paint distribution network. He said Glidden's strategically located branches and warehouses, currently numbering 73, offer one of the keys to future growth in the consumer field. Within the next two years the company will have 100 such service outlets.

Durkee Famous Peods D. vision sales totaled \$88,927,483, nearly three-quarters of which consisted of bulk products used by food processors, bakers and institutional kitchens. The balance, represents spices, coconut, margarine, saiad dressings and similar products distributed through retail outlets under Durkee and other labels.

Pidden's Durkee division recently opened a complete new laboratory and technical service center in Chicago. This modern facility is not only equipped to perform basic research on edible fats and oils, but also to stimulate production processes in the baking, confectionary, ice cream and other industries served by Glidden's edible oil organization.

Profits of Gl'dden's Chicago-based Chemurgy Division were at the

Profits of Gl'dden's Chicago-based Chemurgy Division were at the highest levels since 1951, based on total sales of \$35,807,498. Sales of protein, flour, soybeen lecithin and fine chemicals accounted for approximately 20% of this total, and earnings showed a substantial increase over 1955.

Sales of \$18,428,612 for the Chemicals-Pigments-Metals Division represented an all-time high, and earnings were also at record levels. This outstanding performance was due primarily to capacity sales of titanium dioxide, a white pigment used in the manufacture of paint and countless other products. Glidden's St. Helena Works is producing this material at capacity and production facilities at the new Adrian Joyce Works are being quadrupled at an over-all cost of approximately \$30,000,000.

Operations of this division's metal powder plant at Hammond.

operations of this division's metal powder plant at Hammond, Ind., produced a profit level that was the second best on record, despite a severe slowdown in the automotive industry. Research in the field of powder metallurgy has been intensified, and new applications for metal powers are being explored constantly.

Sales of Glidden's Southern Chemical Division totaled 38,149,050, derived from turpentine processing, resin derivatives, wood distillation and gum naval stores.

and gum haval stores.

"Barring any unfavorable turn in the nation's general economy,"
Mr. Joyce said, "further improvements are expected in all divisions
of the Glidden Company in 1957."

The financial condition of the company continues very strong, with
shareholders' equity reaching an all-time high of \$83,090,719. See

The third amended order restates the allegations in the original and amended orders raising the question of the truth and acc racy of statements made in reports filed with the Commission by registrant relating to registrant's acquisition of oil and gas properties from Depositors Muttal Oil Development Co. and from Pitt Petroleums, Ltd. in exchange for shares of Great Sweet Grass capital stock. In addition, the third amended order alleges further false and misleading statements made by registrant in various reports filed with the Commission, including the following:

(a) In representing that the assets of Pitt were acquired by registrant through arms-length bargaining and that there was no material relationship between registrant and Pitt.
(b) In representing that the issuance and sale of 500,000 shares of registrant's capital stock to Pitt for its assets was an exempt transaction under the Securities Act of 1933 and not required to be registered thereunder.

registered thereunder.

(c) In representing that Torny Financial Corporation Ltd. was not affiliate of, or controlled by, any officer or director of registrant and that the issuance and sale of \$500,000 shares of registrant's capital stock to Torny was not intended for distribution within the United States

A public hearing has previously been scheduled for Nov. 26, 1956 in Washington, D. C., consolidating registrant's hearing with the hearing in the matter of Kroy Oils Ltd., also initiated under the Securities Exchange Act of 1934. See also V. 184, p. 2117.

#### New Jersey Power & Light Co.-Bank Borrowings-

The SEC, it was announced on Nov. 16, has issued an order authorizing additional financing by this company, a subsidiary of General Public Utilities Corp. More particularly, New Jersey Power proposes to make bank borrowings from time to time prior to June 30, 1957, not exceeding \$4,800,000 (including \$1,990,000 now outstanding); and it further proposes to obtain \$1,800,000 in cash capital contributions from GPU.

Proceeds of the bank borrowings will be used to pay, in part, the cost of the company's construction program, to hay at maturity its presently outstanding short-term notes, and to reimburse, in part, its treasury for construction expenditures made therefrom. Proceeds of the cash capital contributions will be used to reimburse, in part, its for construction expenditures made prior to Jan. 1, 1956. -V. 184, p. 1915.

#### Norfolk Southern Ry.—Calls Special Meeting—

Norfolk Southern Ry.—Calls Special Meeting—
A special meeting of stockholders has been called for Dec. 21, it is announced by Henry Cetjen, Chairman and President.
Stockholders will be asked to consider and vote upon proposals to reduce the company's board of directors from 12 to 7 members and to elect a new board of seven directors. Calling of the meeting was requested by holders of 13.4% of the company's outstanding sock; under Virginia law, a special meeting of stockholders must be called by the mangement if helders of 10% of the stock make such a request. In reply to the dissident group of stockholders seeking to unseat the present management at the forthcoming special meeting, Mr. Oetjen and Henry G. Bruns, Chairman of the Executive Committee, pointed out in a letter to shareholders that in the May 1-Sept. 30, 1956, period Norfolk Southern experienced increases in car loadings, gross operating revenues and net operating revenues as compared with the 1955 months. 1955 months

From May 1 through Sept. 30 this year, the company's car loadings

amounted to 62,041 cars, against 60,765 cars in the same period of 1955, an increase of 1,276 cars; gross operating revenues totaled \$4,356,325, up \$115,451 from the previous year's figure of \$4,240,874, and net operating income was \$251,591, a gain of \$27,806 above the \$248,695 reported for the 1955 period.

Earnings for the first nine months of the year have held stable

despite mounting maintenance and operating costs, they said. Net earnings were equal to \$1.12 per share, compared with \$1.13 a share in the first nine months of 1955.

Referring to the recent declaration of a 5% stock dividend instead.

Referring to the recent declaration of a 5% stock dividend instead of a cash dividend of 30 cents a share—the previous payment—the letter said: "The company is financially sound and its business is good, but sound fiscal policy requires adequate cash: and a sound dividend policy must be based not on income and profits alone, but on available cash and working capital."

"Stockholders have received a total this year of 60 cents in cash and 5% in stock. At the same time we have conserved over \$231,000 cash which can be invested in maintenance, freight cars and other needed income producing equipmen, which will nep keep us competitive and our operations profitable. The recent stock dividend represented only a temporary suspension of cash dividends, to be resumed again at the earliest possible opportunity depending, of course, on results of operations, the general financial condition as well as the cash position of the company."

Apropos a charge by opposing stockholders that the price contracted for the purchase by Norfolk Southern of the Durham & South Carolina RR. is excessive, the management estimated that by buying the property for \$900,000, Norfolk Southern would save about \$2,000,000 in the transaction. They noted that the proposed purchase of the D. & S. C. RR. is subject to approval of the Interstate Commerce Commission and that "unless the Commission approves the transaction, it will not be consummated."—V. 184, p. 2016.

Approximately 44% of the shares are to be offered for subscription by common stockholders other than Atlas Corp.ration (such stockholders owning approximately 44% of the 999,237 shares presently outstanding). Approximately 6% of the shares are to be offered to Atlas (which presently owns approximately 55% of the outstanding shares). The balance of the shares, or 50% of the offering, will be offered to the public. The shares are to be offered to slockholders including Atlas at the initial public offering price. The record date of stockholders' subscriptions, and the rate of subscription, also are to be supplied by amendment. Atlas may purchase a portion of shares offered to other stockholders which remain unsubscribed by them.

Net proceeds of the financing, estimated at \$7,000,000, are to be used for expenditures by Norcheast in connection with its expansion of operations as a result of the extension of its route system south of New York City to Miami, Florida. It is estimated that approximately \$5,500,000 of such proceeds will be applied toward the payment for 10 DC-6B aircraft and related equipment being acquired by the company. The remaining proceeds have not yet been allocated but will be added to the funds of the company and will be available for general corporate purposes.—V. 184, p. 1584.

#### Official Films, Inc.—Expects to Pay Dividend—

Official Films, Inc.—Expects to Pay Dividend—
This corporation and its wholly-owned subsidiaries made substantial progress in sales, earnings and financial position in the fiscal year ended June 30, 1956, and management "faces the future with confidence," Harold L. Hackett, President, said on Nov. 20.

"Because of this company's continuing growth, its improving financial position and the favorable outlook, we expect to declare the first cash dividend on the common stock before the end of the current fiscal year, June 30, 1957," Mr. Hackett told shareholders.

Distribution commissions and gross profits from sales in the recent fiscal year aggregated \$2,735.590 compared with \$1,200,000 in the year ended June 30, 1955, Mr. Hackett stated. Pre-tax earnings increased even more, rising to \$908.007 from \$350.000 and net income of \$424.007 was equal to 16 cents per share on 2,613,903 shares of common stock outstanding, he said.

"An earned surplus deficit of \$54,000 at the close of the previous fiscal year was thus turned into a plus figure of \$390,000, while net worth increased by \$580,000, to \$2,300,000," Mr Hackett reported.

In the three months ended Sept. 30, 1956, the initial quarter of the current fiscal year, the company had net pre-tax earnings of \$692,000 and net earnings of \$332,166, or 13 cents per share on 2,613 903 shares of common stock outstanding. No comparative figures are available.

#### Ohio Fuel Gas Co .- To Increase Facilities-

The Federal Power Commission on Nov. 8 granted this company temporary authorization to construct additions to its Crawford, Gaio, compressor station at an estimated cost of \$850,000. Ohio Fuel proposes to install two additional 1,500 horsepower compressor units, increasing the Crawford station capacity to 15.050 horsepower. The company stated in its application that the present capacity was inadequate to meet the estimated load conditions.

inadequate to meet the estimated load conditions.

On Nov. 13, the Commission authorized the company to construct and operate natural gas facilities in Ohio at an estimated cost of \$772,300. The company will construct about 18.3 miles of 5-inch, 12-inch, and 16-inch pipeline, replacing or looping existing facilities to serve the increased requirements of existing markets in the Dayton and Toledo areas, and the extension of service to one small new market, McCutclenville. The FFC also authorized Ohio Fuel to abandon 7.7 miles of pipeline which the authorized construction would replace.

dent. After payment of preferred dividends, net earnings are equivalent to \$1.25 per share of common stock.

No comparison of these figures can be made with those of the previous year because of the consolidation following the acquisition of Hunt Foods stock in May.

Mr. Miedel stated that there is every indication that the full year's earnings for 1956 will considerably exceed the \$1.62 per common share reported for last year. Earnings in most years, he stated, have been better during the last few months than in the earlier part of the year.

Sinclair Oil Corp.—Offering of Debentures—Mention was made in our issue of Nov. 19 of the offering to common stockholders of \$167,247,600 43/8% convertible subordinated debentures, due Dec. 1, 1986, at 100% of principal amount at the rate of \$100 of debentures for each nine shares of stock held as of Nov. 14, 1986; rights to expire on Dec. 3, 1956. The offering is underwritten by a group of investment bankers headed by Smith, Barney &: Co. and Merrill Lynch, Pierce, Fenner & Beane.

The following will act as agents in connection with the subscription offer: Chemical Corn Exchange Bank, 20 Broad Street, New York 15, N. Y.; The First National Bank of Chicago, 38 South Dearborn Street, Chicago 90, Ill.; and Bank of America NT & SA, 219 West Seventa Street, Los Angeles 14, Calif.

The debentures are redeemable at prices ranging from 104%% to 100%, with accrued interest in each case. A sinking fund commencing in 1967 is designed to retire about 59% of the issue prior to maturity.

The debentures will be convertible, unless previously redeemed, into The debentures will be convertible, unless previously redeemed, into common stock at the following principal amounts of debentures for each share of common stock: \$65 if converted on or before Dec. 1, 1931; \$70 if converted thereafter and on or before Dec. 1, 1966; \$75 if converted thereafter and on or before Dec. 1, 1976; \$85 if converted thereafter and on or before Dec. 1, 1976; \$85 if converted thereafter and on or before Dec. 1, 1981; and \$90 if converted thereafter and on or before Dec. 1, 1986. The foregoing conversion prices are subject to adjustment under certain conditions.

LISTING—The company has applied for the listing of the deben-tures on the New York Stock Exchange.

PROCEEDS—The net proceeds to be received by the company from the same of the dependence will be added to the general funds of the company which will be available for capital expenditures, for retirement of short-term bank loans and for such other composate purposes as the board of directors may determine.

Of such funds, it is contemplated that \$80,000,000 will be applied Of such funds, it is contemplated that \$80,000,000 will be applied to the immediate retirement of the short-term bank loans in that amount incurred on Aug. 16, 1936 to provide for capital expenditures and additional working capital. A portion of such funds, as may be required, will be applied to the redemption of the outstanding 3¼% convertible subordinated debentures which the company intends to call for redemption on Jan. 3, 1957, at the redemption price of 102¾%, plus accrued interest. At Nov. 14, 1956, the principal amount of such outstanding debentures was \$11,882,100. To the extent the such debentures are converted into common stock prior to the redemption date, the funds required for such re-semption will be reduced. The company anticipates that substantially all such outstanding debentures will be converted prior to the redemption date.

The company's capital expenditures have been, and are intended to be, directed largely to increasing crude oil and gas production and reserves, lowering transportation costs, increasing refinery efficiency and expanding marketing operations through the company's own facilities.

It is estimated that normal capital expenditures for the year 1955 will total \$151,100,000. In addition special capital expenditures were made in November to purchase from Southern Production Co., Inc., its oil and gas properties and certin of its other assets for \$42,648,000 subject to certain adjustments. The company has also recently expended \$47,464,000 for the purchase of 1.091,672 shares of capital stock of Texas Pacine Coal & Oil Co. (representing 30.45% of the outstanding capital stock of that company). Accordingly, the estimated aggregaticapital outlay for 1956 including the southern Production and Texas Pacine expenditures will amount to \$241,212,000.

Normal capital expenditures for 1957 are estimated at \$170,000,000. Of the aggregate normal capital expenditures made and expected to be made during 1956 and 1957, it is estimated that 59% has been or will be made for the development of additional crude oil production and reserves, 10% for pipeline transportation facilities, 19% for the improvement of refineries and the balance of 12% for marketing facilities.

It is presently anticipated that any additional funds required to complete the 1956 and 1957 estimated normal capital expenditures will be provided from present general funds of the company and funds bereafter to be derived from depreciation and depletion provisions and from retained earnings.

Standard Oil Co. (Indiana)—Acquires New Process—
The company has acquired world-wide exclusive rights to a new chemical manufacturing process for use in a plant that will be built in the Midwest, Robert E. Wilson, Chairman, and Frank O. Prior, President announced on Nov. 19.

The new plant will have a capacity of about 60 million pounds annually and will make pithalic anhydride, isophthalic acid, te-ephthalic acid, dimethyl terephthalate, dimethyl isophthalate, and ben-zoic acid. It will be built and operated by Amoco Chemicals Corp., a Standard Oil af-illate.

Standard Oil acquired an interest in the new hydrocarbon oxidation process in 1955. After a year of research and scientific development resulting in significant improvements, an option for world rights to the process has been exercised and a plant has been planned for its use.

planned for its use.

The exact site for the plant, which probably will cost "in excess of \$10,000,000," still is to be determined, but it will be in the Midwest, Dr. Wilson and Mr. Prior said. Plans call for construction to start early in 1957 and for the plant to be operating in 1958.

Products of the plant will be chemical intermediates used in the manufacture of dye stuffs, polymers for the synthetic fiber and film industry, alkyd resins for the paint industry, and in the manufacture of plasticizers.

John J. O'Connell has been appointed Marketing Vice-President of Amoco Chemicals Corp., which will be formed before the end of the year through consolidation of three chemical affiliates of Standard Oil Co. (Indiana).

Mr. O'Connell has been Manager of the solvents department for Shell Chemical Corp. at New York since 1946.—V. 184, p. 2122. at New York City, and has been associated with Shell

## THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Nov. 24, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 14.4% above those of the corresponding week last year. Our preliminary totals stand at \$20,872,490,067 against \$18,248,101,389 for the same week in 1955. At this center there is a gain for the week ending Friday of 15.5%. Our comparative summary for the week follows:

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week—the week ended Nov. 17. For that week there was a decrease of 12.2%, the aggregate clearings for the whole country having amounted to \$21,554,248,482 against \$24,541,645,572 in the same week in 1955. Outside of this city there was a loss of 7.0%, the bank clearings at this center showing a decrease of 17.5%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District (including this city) the totals show a decline of 17.2%, in the Boston Reserve District of 16.9% and in the Philadelphia Reserve District of 14.3%. In the Cleveland Reserve District the totals are smaller by 1.8%, in the Richmond Reserve District by 6.3% and in the Atlanta Reserve District by 5.4%. The Chicago Reserve District suffers a loss of 3.1%, the St. Louis Reserve District of 3.4% and the Minneapolis Reserve District of 1.1%. In the Kansas City Reserve District the totals record a decrease of 12.1% and in the Dallas Reserve District of 4.4%, but in the San Francisco Reserve District the totals register an increase of 0.6%.

In the following we furnish a summary by Federal Reserve Districts:

### **Condition Statement of Member Banks**

The condition statement of weekly reporting member banks of the Federal Reserve System in leading cities shows the following principal changes for the week ended Nov. 14: An increase of \$260 million in commercial and industrial loans, decreases of \$359 million in reserve balances with Federal Reserve Banks and \$739 million in borrowings from Federal Reserve Banks, and increases of \$439 million in demand deposits credited to domestic banks and \$347 million in borrowings from other than Federal Reserve Banks.

Commercial and industrial loans increased \$116 million in New York City, \$29 million in the Chicago District, \$25 million in the Cleveland District, \$18 million in the Philadelphia District, \$15 million in the San Francisco District, \$14 million in the Atlanta District, and \$13 million in the Kansas City District. Changes according to industry appear in another press release. Loans to brokers and dealers for purchasing or carrying United States Government and other securities decreased \$59 million.

All categories of holdings of United States Government securities decreased, with Treasury bills decreasing \$28

million, Treasury certificates of indebtedness \$42 million, Treasury notes \$56 million, and United States Government bonds \$26 million. Holdings of "other" securities decreased \$105 million.

Demand deposits adjusted increased \$139 million in Chicago, \$70 million in the Richmond District and \$56 million in the Philadelphia District, but they decreased \$158 million in New York City and \$76 million in the Boston District; there was a net increase of \$194 million at all reporting member banks. Time deposits decreased \$127 million, of which \$101 million was in individuals, partnerships, and corporations; this largely reflects the usual withdrawals of Christmas savings accounts.

A summary of assets and liabilities of reporting member banks follows:

# Van Norman Industries, Inc.—Merger Approved—

Van Norman Industries, Inc.—Merger Approved—
The stockholders of this company and of the Bingham-Herband Corp. on Nov. 20 both approved the merger of Bingham-Herband into Van Norman through an exchange of stock on the basis of one share of Van Norman \$2.28 convertible preferred stock for each two shares of Bingham-Herbrand common stock held.

The present management of Bingham-Herbrand will continue the operation of Bingham-Herbrand's business at Toledo and Fremont, Ohio, through a newly-formed, wholly-owned subsidiary of Van Norman. The addition of Bingham-Herbrand to the group of Van Norman operating companies is expected to add over \$6,000,000 in assets and approximately \$15,000,000 in annual sales.

Proposed Term Loan Company is negotiating with Prudential Insurance Co. of America for a 15-year \$1,500,000 4%4% loan, contingent on completion of Bingham-Herbrand acquisition. Proceeds would be applied to repayment of bank borrowings, which totaled \$500,000 at Oct. 22, supplying working capital to a new subsidiary formed to carry on Bingham-Herbrand operations, and for other corporate purpoes.

Company is also negotiating for acquisition of a builder of certain types of automatic machines. in exchappe for about 4,450 preferred and 10,000 common shares—V 184 n. 1398.

types of automatic machines, in exchange for about 4,450 preferred and 10,000 common shares.—V. 184, p. 1398.

Walt Disney Productions-Stock Offering-The company is offering to its common stockholders of record Nov. 9, 1956, the right to subscribe on or before 3:30 p.m. (EST) on Nov. 29 for 186,526 additional shares of common stock (par \$2.50) at \$20 per share on the basis of one new share for each seven shares held (with an oversubscription privilege). In addition, for each share of stock purchased through the exercise of primary rights and secondary rights, the corporation will issue a transferable purchase warrant, expiring Oct. 31, 1957, to purchase one additional share of common stock at a price of \$22 per share. The offering is not being underwritten... Bank of America N. T. & S. A., Los Angeles, Calif., and Bankers Trust Co., New York, N. Y., are subscription agents.

Atlas Corp. has agreed with the company, by agreement dated Oct. 1, 1956, to exercise, subject to certain conditions, all of its primary rights and to subscribe for a sufficient number of shares.

pursuant to its secondary rights, subject to allotment, to take up the entire number of shares offered which are not subscribed for by other stockholders. Atlas owned 226,400 shares of common stock of the company on Oct. 1, 1956, or approximately 17½% of the total outstanding. Floyd Odlum, a director of the company, is the President and a director of Atlas. Atlas has informed the company that John D. Hertz is a participant with it in such agreement to the extent of 5% of any shares of steck which Atlas may acquire on the exercise of secondary rights and that Mr. Hertz has agreed that any such shares acquired by him are being acquired for investment and not with a view to, or in connection with, the distribution thereof.

Atlas has advised the company that the shares of the company which it may purchase pursuant to the subscription offer and any purchase warrants received in connection therewith are not being acquired with a view to, or in connection with, the distribution thereof. However, Atlas has advised the company that the foregoing statement of intention applies only to shares which it may purchase pursuant to the subscription offer and to purchase warrants received in connection therewith, and not to any shares of the company which it owned prior to this offering. The company will not pay any commission or allow any discount to Atlas in connection with the purchase by Atlas of the shares of common stock pursuant to the Oct. 1, 1956 agreement. Atlas might be considered to be an "underwriter" as defined in the Securities Act of 1933, as amended. Atlas has, however, advised the company that in its view it is not an "underwriter" with respect to this offering.

Walter E. Disney and Roy O. Disney have advised the company that the voting trust of which they are the voting trustees will not exercise, sell or assign the primary rights or secondary rights to be issued in respect of shares held in the voting trust. The voting trust held 710,000 shares, or approximately 54.4% of the company's outstanding stock on O

PROCEEDS—The net proceeds from the exercise of the primary rights and secondary rights will be applied towards the reduction of the company's outstanding secured demand note. This demand note

was issued to help finance motion picture production and for general corporate purposes.

Proceeds which may be received by the company upon exercise of the purchase warrants will be added to working capital and may be used to retire short-term bank debt.

James K. McLean, President, announced on Nov. 20 that the company will make prompt application for an operating-differential subsidy covering its foreign operations.

Mr. McLean said the decision by Waterman to apply for a subsidy will not affect early consummation of Pan Atlantic Steamship Corp.'s plans for its coastwise Sea-Land Service. Both Waterman and Pan Atlantic are subsidiaries of McLean Industries, Inc.

It was pointed out that Waterman is eligible for the subsidy under the provisions of the Merchant Marine Act of 1936.

The purpose of the operating-differential subsidy paid by the Fed-The purpose of the operating-differential subsidy paid by the Federal Government is the placing of United States steamship companies on an operating parity with foreign-flag competitors in world trade. Most of the American-flag steamship operators providing regular liner service in the foreign trades already have operating-differential subsidy contracts. If the application is granted, Waterman's operations cost will be placed on a parit" with foreign competitors and those subsidized American-flag operators providing service over routes on which Waterman operates.

Waterman's subsidy application is in the process of preparation and it is expected it will be filed with the Federal Maritime Board in the very near future.—V. 181, p. 2742.

Watson Bros. Transportation Co., Inc.—Stock Offered -An underwriting group headed by Cruttenden, Podesta & Co. on Nov. 21 offered to the public 619,776 shares of class A common stock (par \$1) at \$7.50 per share.

PROCEEDS-The offering. which includes mon stock of the company presently outstanding, is being made on behalf of selling stockholders, and none of the proceeds will accrue to the company.

BUSINESS—Watson Bros. ranks as one of the seven largest common carrier truck lines in the United States, covering more than 53,000 miles of routes running in general from Chicago and St. Louis to the West Coast. At present Watson Bros. serves over 3,000 municipalities in 12 states. This company is the corporate successor of a business started in 1926. It has grown from a one truck operation in Nebraska to an enterprise with over 2,500 employees, 2.500 pieces of rolling equipment, and gross revenues at the rate of \$30,000,000 annually.

In 1954, Watson Bros. organized Imperial Casualty & Indemnity Co. as a wholly-owned subsidiary. Imperial operates a multiple line underwriter chartered to write all forms of insurance coverage except life and title lines. Now owned 80% by Watson, Imperial is qualified to write both casualty and fire coverage in Nebraska, Iowa, Minnesota, South Dakota, and Montana, and casualty coverage in Illinois.

EARNINGS—Consolidated earnings of Watson Eros. and its subsidiary were \$886.921 in the eight months ended Aug. 31, 1956, equal to \$1.43 per share on the 619,776 shares of class A common stock

CAPITALIZATION-Capitalization of the company and its subsidiary Aug. 31, 1956, consisted of \$3,910,668 equipment obligations maring 1956-1961; \$263,950 real estate mortgage notes maturing 56-1964; 619,776 shares of class A common stock; 1,342,843 shares class B common stock; and 10,000 shares of Imperial Casualty and Indemnity Company common stock.
